GECA Guidelines

3 things you must know

1. Only GECA certified* furniture is deemed “eco innovative” by the Green Building Council (GBCA).
2. New ACCC guidelines advise that: “firms which make environmental or “green” claims should ensure that their claims are scientifically sound and appropriately substantiated”.
3. GECA certification helps you to distinguish between “green-washing” and verifiable green performance.

Benefits of GECA certification

- GECA furniture simplifies the Green Star process by scoring 100% in the GBCA “chairs” calculator.
- GECA certification verifies compliance with GECA’s “Furniture & Fittings Standard” which protects:
 - forests from illegal logging and degradation of high conservation value ecosystems.
 - consumers & workers from a range of hazardous chemicals.
 - workers from exploitation and unsafe work practises.

Integrity of GECA certification for upholstered furniture

- In order to achieve GECA certification, fabric specified must be certified by the Good Environmental Choice Label, the EU Flower label or the Nordic Swan label or satisfy the requirements of GECA Standard No. 19: Textiles.
